## MARKETING STRATEGIES

- The market approach is based on the needed application (understanding when an application of a Metal Detection as well as a check weigher is needed).
- Jointly with the customer define Specifications & Estimated Sensitivities.

## VALUE BASED SYSTEM SELLING

- Selling based on the transferring of **value** to the customers:

$$\text{VALUE} = \text{BENEFIT} - \text{PRICE}$$

## CUSTOMER CARE

- Smart Self-Diagnosis Function
- Easy upgrade of performance.
